

The Boscombe Chapter No. 2158

Profile

The Boscombe Chapter was formed just over 100 years ago and has, for a long time, gained candidates from a number of different Lodges, both in the Knole and further afield including the Province of Dorset.

The Chapter is unusual in meeting five times a year when most meet no more than four which we believe means that the newly exalted companion gains a stronger attachment to the order and understands some of its mysteries in a shorter period of time.

The Chapter prides itself on the quality of the ritual and looks to break up pieces of work to suit the abilities and comfort of the respective officers.

The Chapter has an annual reciprocal visit to Unity Chapter 132 in Ringwood when it visits Unity in January for their Installation Convocation and they come to us in February for our Installation.

Anybody looking to take this important step would be made most welcome into our Chapter.
